| Planned Sprint | Actual Sprint | US ID | User Story Description | MOSCOW | Dependency | Assignee | Status |
|---|---|---|---|---|---|---|---|
| 1 | 1 | | Studied the fundamentals of Machine Learning, Deep Learning, neural networks, Transformers, and LLMs, including their types, architectures, working principles, and evolution. | SHOULD HAVE | | Rajalakshmi Ma'am | 3- Completed |
| 2 | 2 | | Prepared a detailed report on Machine Learning, Deep Learning, Transformers, and LLMs, covering their types, architectures, working principles, and evolution. | MUST HAVE | 1 | Rajalakshmi Ma'am | 3- Completed |
| 3 | 3 | | Prepared for a Q&A session on Machine Learning, Deep Learning, Transformers, and LLMs, and answered questions to demonstrate conceptual understanding of the topics. | MUST HAVE | 1 | Rajalakshmi Ma'am | 3- Completed |
| 4 | 4 | | Collected and organized annual reports from multiple companies for 2023, 2024, and 2025 to support financial document analysis for the multi-agent AI research project. | MUST HAVE | | Rajalakshmi Ma'am | 3- Completed |
| 5 | 5 | | Designed the multi-agent architecture and developed research session management, Document Agent, and Extraction Agent. | MUST HAVE | 4 | Rajalakshmi Ma'am | 3- Completed |
| 6 | 6 | | Developed Red Flag, Research, and Comparison Agents, implemented multi-agent orchestration, validated outputs, and began chat interface and report generation. | MUST HAVE | 5 | Rajalakshmi Ma'am | 3- Completed |
| 7 | 7 | | Completed the Report Agent, conducted end-to-end testing, and optimized prompts, retrieval quality, and multi-agent orchestration. | MUST HAVE | 6 | Rajalakshmi Ma'am | 2- In Progress |
